CAS-number	Products
123-42-2	Diacetone alcohol
141-79-7	2-Methyl-2-pentenone-4
334-88-3	Diazomethane
50-00-0	Formaldehyde
75-15-0	Carbon disulfide
several	Cadmium and all of its derived products
several	Hexavalent chromium and all of its derived products
several	Lead and all of its derived products
several	Mercury and all of its derived products
several	Hydrogen cyanide and all of its derived products
several	Amines of any kind and all of their derived products
several	Benzene and all of its derived products (including ALL polyaromatic hydrocarbons)
several	All halogenated hydrocarbons (NOT limited to solvents only)
several	Ammonia and all of its derived products
several	Arsenic and all of its derived products
several	Ca- and Fe-Stearate
several	All organophosphorus compounds
several	All glycol ether based products
several	All organotin compounds
several	Substances based upon or combining B with F, Cl, Br, I
several	All products containing free silicones
several	All isotopes or radioactive materials
several	All ozone depleting agents
several	All complexing agents
several	All biocides
several	Products using or made of endangered species
several	Products secreting one or more of their components
